Designer Banded Shades

HunterDouglas

The joy of great design.

At Hunter Douglas, we believe your window fashions should bring you the greatest possible enjoyment, adding beauty and **style** to your home. That's why we're passionately driven to design our products with a refined sense of style and industry-leading **innovation**. So when you choose the Hunter Douglas brand, you can be sure high **quality**, beautiful window fashions decorate your home for many years to come. Everything is designed to be seen, touched, experienced. Loved.

HunterDouglas 

Designer Banded Shades

Designer Banded Shades combine sheer and solid alternating fabric bands into a single shade. This unique design allows the shade to transition from open to closed seamlessly, providing a modern solution for view-through, light control and privacy.

Fabric Torrance Color Ultra White
Operating System SoftTouch® Motorization Deck 24

Fabric Reed Color Night Sky
Operating System LiteRise® Deck 13

Fabric Blakeney Color Oyster
Operating System SoftTouch® Motorization Deck 3

Fabric Beckett Color Satin Taupe
Operating System PowerView® Automation Deck 2

Fabric Cypress Color Alpine White
Operating System PowerView® Automation Deck 28

Fabric Sienna - Color Latte
Operating System PowerView® Automation - Deck 14

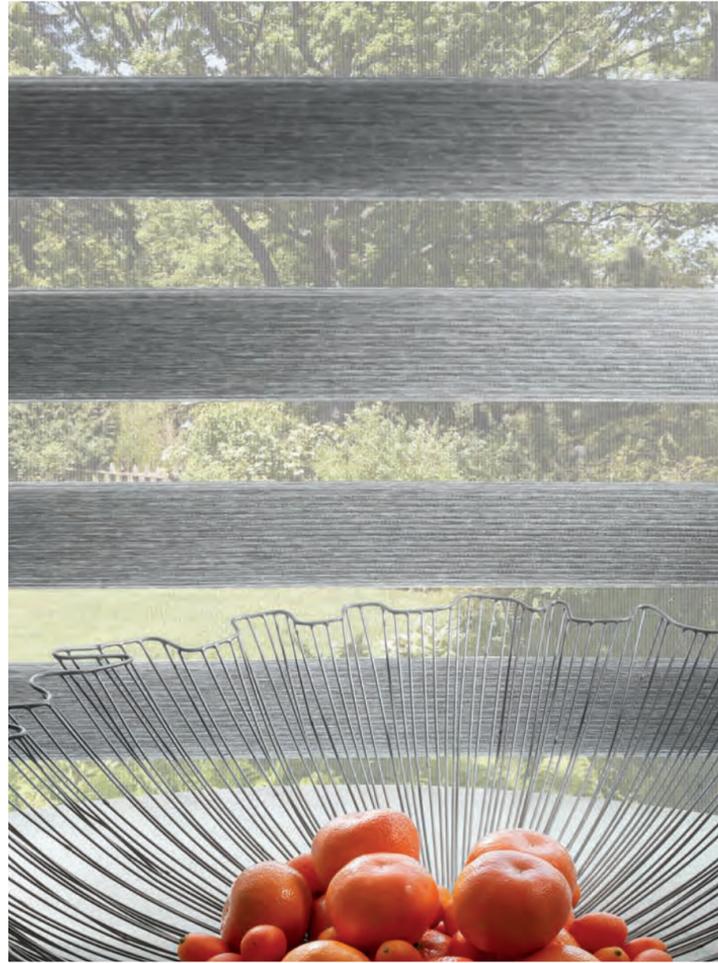

Fabric Everly Color Tuscany
Operating System PowerView® Automation Deck 6

Fabric Winslow Color Haze
Operating System LiteRise® Deck 17

Benefits

Intelligent Design

Sheer and solid alternating bands are combined into a single fabric that transitions from open to closed seamlessly, offering a modern solution for view-through, light control and privacy.

Enhanced View-Through

The ClearView® fabric option provides superior view-through and UV protection with a specialized black sheer that appears clear between fabric bands.

Beautiful Light Control

Designer Banded Shades are available in light-filtering and light-dimming styles, so you can easily select the opacity that fits your light control needs.

Effortless Control

PowerView® Automation moves your shades automatically according to schedules you set, morning, noon and night.

View-Through Options

Choose a standard sheer for a diffused view, or a specialized ClearView® sheer for a clear view. Both options provide UV protection.

Fabric Fairy Glen **Color** Harbor Gray
Operating System PowerView® Automation **Deck** 18

Fabric Buckingham **Color** Steel Wool
Operating System PowerView® Automation **Deck** 4

Soft View for Maximum Light Filtering

The standard sheer is a perfect choice for diffusing harsh light and providing a soft view.

Fabric Fairy Glen **Color** Harbor Gray
Operating System PowerView Automation **Deck** 18

ClearView® for Superior View-Through

The ClearView sheer is the preferred choice for a crisp, clean view to the outside.

Light-Filtering Fabric Bands

This option gently filters outside light to create a soft, warm glow within a room.

Light-Dimming Fabric Bands

This option provides increased light control by blocking most incoming light. Ideal for rooms where more light control is desired.

A single piece of fabric loops at the bottom bar to create a double layer in the window. The sheer and solid fabrics can be positioned to create your desired view-through and privacy.

PowerView® Automation

Incredible Convenience

Achieve your perfect light automatically—morning, noon and night

Effortless Control

Compatible with voice assistants and many home automation systems*

Privacy and Security

Schedule shades to move automatically, when you're home or away

Energy Efficiency

Program shades to be in the best positions to heat and cool your home

Child and Pet Safety

Simple, cord-free operation

*Some features require additional hardware and/or third-party equipment. Visit hunterdouglas.com for details.

For more details on PowerView®, open the opposite page and visit hunterdouglas.com/powerview-design-options ▶

Operating Systems

SoftTouch® Motorization

Easily raise or lower your shades using a simple and intuitive motorized wand.

UltraGlide®

Gently pull a single retractable wand to lift and lower shades.

LiteRise®

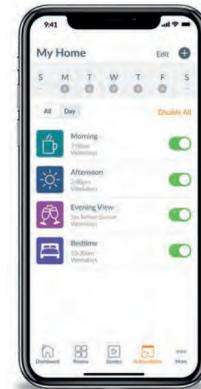

Simply push or pull on the bottom bar to align bands at any desired height.

Custom Clutch

Lift and lower shades with a continuous bead chain. (Not available in Canada)

PowerView® Automation

Fabric Beckett Color Satin Taupe
Operating System PowerView® Automation Deck 2

A Day With PowerView®

7:00 AM Morning

Schedule shades to operate at your preferred wake-up time.

2:00 PM Afternoon

Shades adjust to protect furnishings from harsh midday sunlight.

5 Minutes Before Sunset

Based on your local sunset time, shades open to reveal your best view.

10:30 PM Bedtime

Shades close automatically for privacy and a perfect night's sleep.

Top Treatments

Cassette

Conceal the fabric roll with a contemporary aesthetic. Available in 9 custom hardware colors.

Bracket Profile

Minimal yet modern design showcases the fabric roll and clean lines. Available in White Tiara and Black.

Bottom Treatments

Banded Bottom Bar

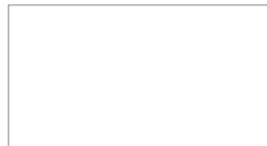

The innovative bottom bar allows the shade to taper and narrow from top to bottom, so the shade maintains band alignment and uniformity. Available fabric wrapped or unwrapped in 9 custom hardware colors.

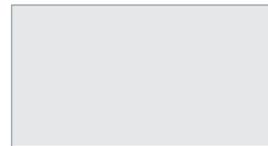

Banded Metal Bottom Bar

The sleek metal bottom bar comes standard with LiteRise® and is optional with all other operating systems.

Custom Hardware Colors

White Tiara 661

Duchess Grey 651

Rich Cream 320

Nickel 316

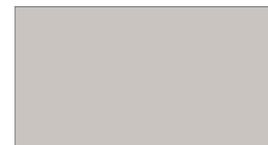

Desert Tan 859

Bronze 064

Desert Gold 903

Pearl Gray 879

Black 048

Custom Hardware Colors

Used on all metal and plastic parts of the top and bottom treatments. All hardware colors are preselected to coordinate to each fabric in the collection. Color override options are available. Colors may vary from printed samples, but are within accepted industry standards.

Bottom Bar Position

Bands Open

When the fabric and sheer bands are aligned and the shade is in the lowered position, the bottom bar will naturally rest above the window sill.

Bands Closed

When fabric bands align with sheer bands and the shade is in the lowered position, the bottom bar will rest closer to the window sill.

Mounting Profiles

Features & Benefits

Product Attribute	Product Features	Consumer Benefit	
Designer Banded Shades Fabric Collection	The shade combines alternating solid and sheer fabric bands featuring an array of textures and colors.	Choices to fit any décor and any design preference.	
Opacity Options	Light Filtering	Diffuses light and provides moderate light control.	
	Light Dimming	Blocks most light and provides maximum light control.	
Multiple Band Heights	Solid fabric band heights are available in various sizes. Providing options for view-through, privacy and light control.	Band height determines amount of view-through. Provides more options for view-through, privacy and light control.	
Proprietary Operating Systems:	Custom Clutch	Standard system	Smooth and precise operation makes large shades easy to raise.
	LiteRise®	Standard system	Bands easily align in either the opened or closed position with a simple push or pull on the bottom bar.
	UltraGlide®	Retractable wand	Easy to operate, clean look and enhanced style.
	SoftTouch® Motorization	Battery-Powered	Operates shades with a gentle pull down on the wand to lower or push up to raise.
	PowerView® Automation	Features advanced wireless technology	Multiple power source options available to fit each application and allow for smart home communication.
Flexible Functionality	Shades can be positioned open or closed even when they are lowered or partially raised.	Provides maximum shade position functionality options for controlling view-through, privacy and light control.	
Top Treatments	Square Cassette	Comes fabric wrapped in one of 9 custom hardware colors and provides a finished look to the shade.	
	Bracket Profile	Provides a modern and sleek look with minimum mounting depth.	
Bottom Bar	Unique, exclusively designed bottom bar	Innovative design allows the fabric to slide through the bottom bar to position the bands for view-through and light control.	
Color-Coordinated Hardware	9 custom hardware colors	Coordinates with all fabrics in the collection for a complete, finished look.

Expert Design and Craftsmanship

For over 100 years, Hunter Douglas has been the industry leader in innovation. We offer the widest array of beautiful, high-performance, custom-made window fashions that are intelligently designed and assembled with relentless attention to quality.

Designed with Safety in Mind

It is a Hunter Douglas priority to design products that are safer for infants, young children and pets. It's why Hunter Douglas has been the pioneer in developing innovative cordless systems and smart shade technology for your home.

Lifetime Guarantee

As an expression of our desire to provide you with a fully satisfying experience, all products are backed by a Lifetime Limited Warranty. For enduring quality and a sound investment in your home, insist on Hunter Douglas.

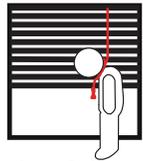

WARNING

STRANGULATION HAZARD – Young children can be strangled by cords. Immediately remove this product if a cord longer than 22 cm or a loop exceeding 44 cm around becomes accessible.

MISE EN GARDE

RISQUE D'ÉTRANGLEMENT – Les enfants en bas âge peuvent s'étrangler avec des cordes. Enlevez immédiatement ce produit si une corde mesurant plus de 22 cm devient accessible ou si le contour d'une boucle de plus de 44 cm devient accessible.

WARNING/ ADVERTENCIA

Window Blind Cord Strangulation Risk

Window blinds with a damaged or loose tension device or retractable cord that fails to fully retract pose a strangulation risk to children. To avoid this potential strangulation risk, consider purchasing cordless products or products with inaccessible cords.

Riesgo de Estragulación en Cuerdas de Persianas Las persianas con un dispositivo tensor suelto o dañado o con una cuerda retráctable que no se ajusta completamente representan un riesgo de estrangulación para los niños. Para evitar un posible riesgo de estrangulamiento, considere comprar productos inalámbricos o productos con cuerdas inaccesibles.

Child Safety Labels on Corded Systems

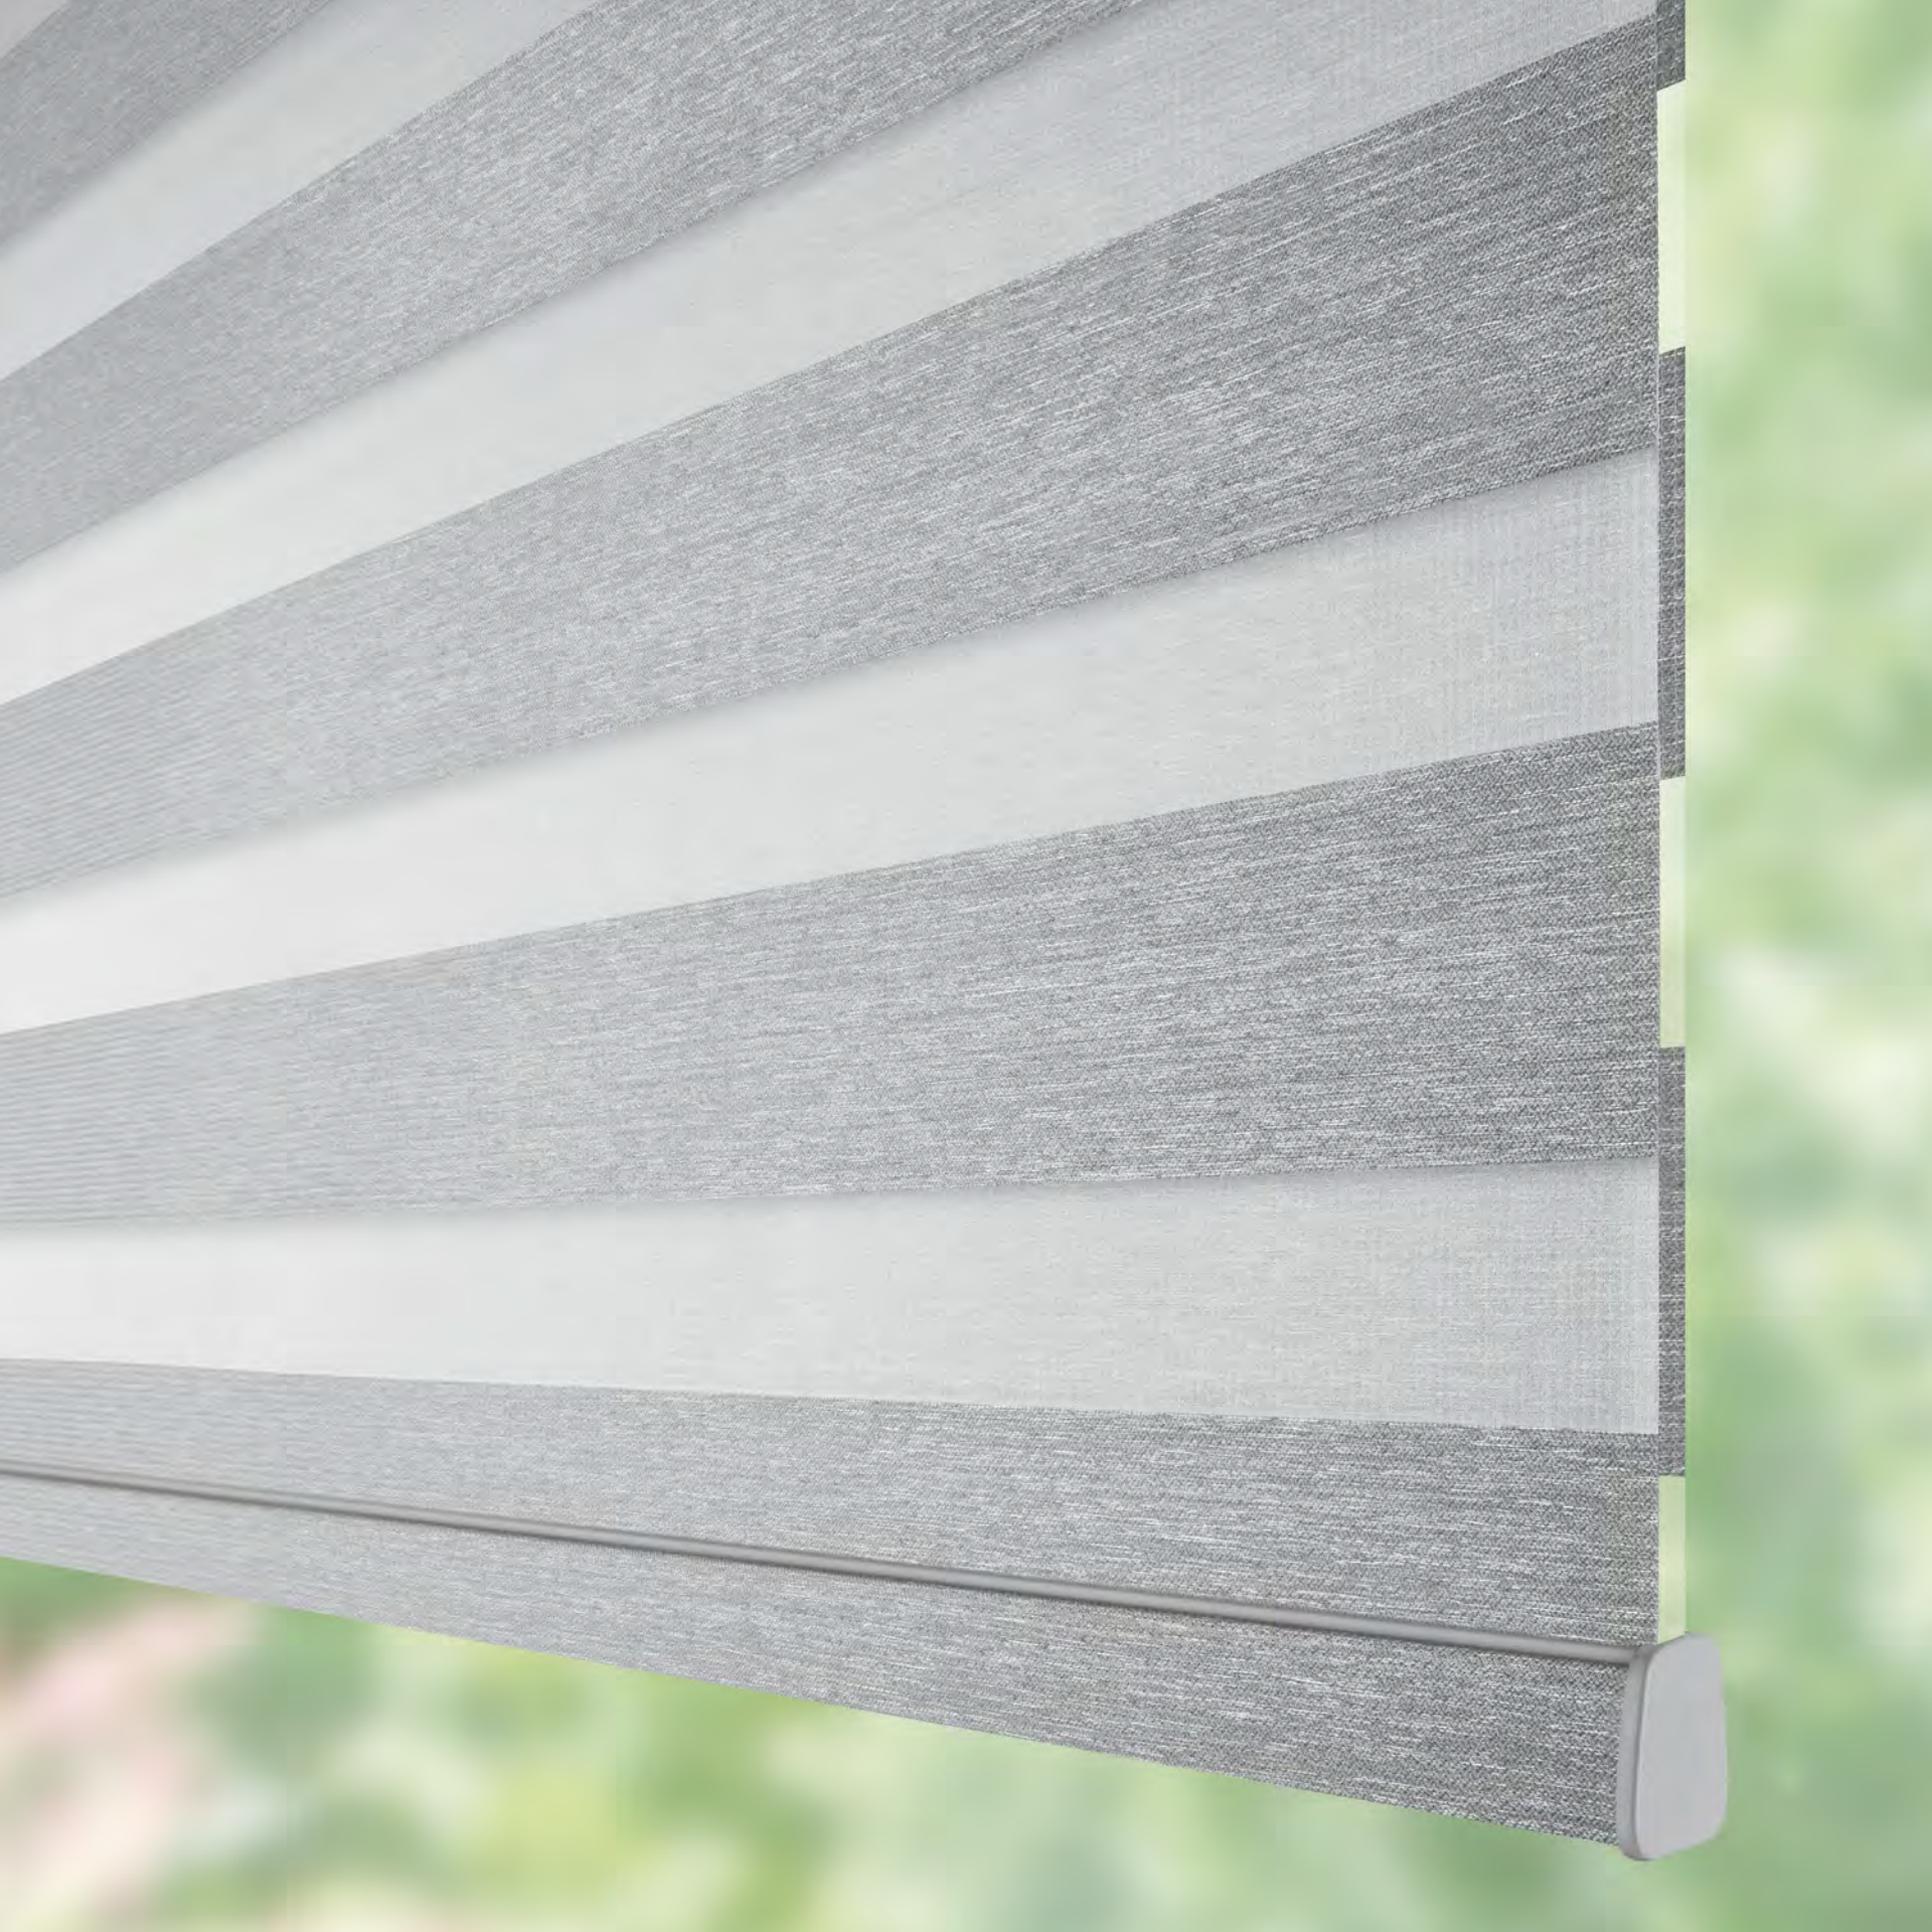

These warning labels appear on window fashions with cords to make consumers aware of window cord hazards for children and pets.
