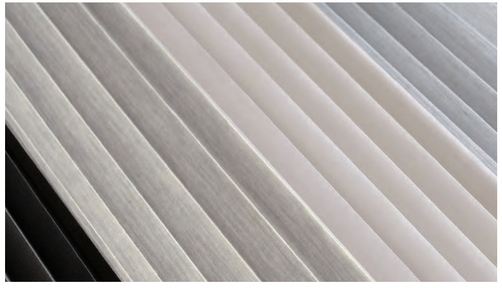
Fabric Architella® Elan® **Color** Cider
Operating System PowerView® Automation, TrackGlide™, Vertiglide™ Left Stack

Fabric Commercial **Color** Beach Shells
Operating System PowerView® Automation

Our antimicrobial fabric, Commercial with Microshield™, resists the growth of bacteria, mold and mildew on Duette® shades.

Benefits

Superior Energy Efficiency
Designed with three insulating pockets, Duette® Architella® shades help save more energy at the window, no matter the outdoor climate.



Extensive Offering
Most pleat sizes and opacities are available in every fabric. Choose from a broad selection of beautiful colors, as well as operating systems and design options, to discover your perfect Duette shade.

Coordinating Headrail Finishes
Textured matte headrails are color coordinated to the fabric for a cohesive design.

Sustainable Fabrics
Duette Architella Alexa™ and Thea™ outer cell fabrics are innovatively crafted with 90% recycled materials.

Noise Reduction
Duette® shades absorb sound energy, helping to create a more tranquil room.

Larger Sizes with Small Stack
Duette shades are engineered to provide a low profile when fully raised on taller windows, allowing for unobstructed views.

Easy Care and Cleaning
To ensure lasting beauty, all Duette shades are anti-static, dust and soil resistant and easy to clean.

Outstanding UV Protection
Protect your furniture, flooring and artwork from harmful UV rays with Duette shades.

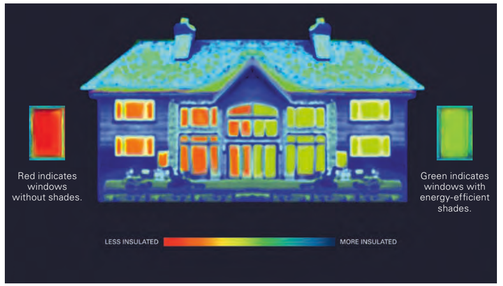
Year-Round Comfort

Scan for AERC Energy Ratings

Live Comfortably in Any Climate
Energy-efficient shades help keep your home warm in the winter and cool in the summer.

Fabric Architella® Alexa™ **Color** Skye
Operating System PowerView® Automation

Energy Efficiency



Cost Savings
Shades help control the indoor temperature, so you can spend less to heat and cool your home.

Superior Insulation
An innovative, insulating design features an extra layer that protects your home from harsh outdoor temperatures.

Sustainability
Shades may eliminate a need for artificial lighting by softly diffusing natural sunlight within a room.

Automation Throughout the Year
PowerView® Automation lets you schedule shades to open and close according to the sun's movements, so your home's temperature is regulated automatically.

Fabric Whisper™ Sheer **Color** Daisy White
Fabric Architella® Reception **Color** Oxford
Operating System PowerView® Automation
Design Option Duolite®

Light Control and Privacy

ClearView® Sheer
Provides the most natural light and view-through with minimal privacy.

Semi-Sheer
Provides view-through with increased privacy.

Light Filtering
Gently filters light and offers moderate privacy.

Room Darkening
Blocks most incoming light with maximum privacy.

Duolite® Design Option

Duolite® with ClearView® Sheer
Combine a ClearView® sheer fabric with a light-filtering or room-darkening fabric in a single shade.

Duolite Dual Opacity Option with Whisper Sheer™
Combine a Whisper sheer fabric with a light-filtering or room-darkening fabric in a single shade.

Duolite® Dual Opacity Option with Semi-Sheer
Combine a semi-sheer fabric with a light-filtering or room-darkening fabric in a single shade.

Duolite Dual Opacity Option with Light Filtering
Combine a light-filtering fabric with a room-darkening fabric in a single shade.

PowerView® Automation

Incredible Convenience
Achieve your perfect light automatically—morning, noon and night

Effortless Control
Compatible with voice assistants and many home automation systems*

Privacy and Security
Schedule shades to move automatically, when you're home or away

Energy Efficiency
Program shades to be in the best positions to heat and cool your home

Child and Pet Safety
Simple, cord-free operation

Flexible Power Options
Choose from several power options, including a rechargeable battery and hardwiring capability

*Some features require additional hardware and/or third-party equipment. Visit hunterdouglas.com for details.

Operating Systems

LiteRise®
This cordless system lifts and lowers shades with the touch of a finger.

UltraGlide®
Gently pull a single retractable wand to lift and lower shades.

⚠WARNING

STRANGULATION HAZARD – Young children can be strangled by cords. Immediately remove this product if a cord longer than 22 cm or a loop exceeding 44 cm around becomes accessible.

⚠MISE EN GARDE

RISQUE D'ÉTRANGLEMENT– Les enfants en bas âge peuvent s'étrangler avec des cordes. Enlevez immédiatement ce produit si une corde mesurant plus de 22 cm devient accessible ou si le contour d'une boucle de plus de 44 cm devient accessible.

⚠WARNING/ ADVERTENCIA

Window Blind Cord Strangulation Risk Window blinds with a damaged or loose tension device or retractable cord that fails to fully retract pose a strangulation risk to children. To avoid this potential strangulation risk, consider purchasing cordless products or products with inaccessible cords.

Riesgo de Estragulamiento en Cuerdas de Persianas Las persianas con un dispositivo tensor suelto o dañado o con una cuerda retráctable que no se ajusta completamente representan un riesgo de estrangulación para los niños. Para evitar un posible riesgo de estrangulamiento, considere comprar productos inalámbricos o productos con cuerdas inaccesibles.

Child Safety Labels on Corded Systems
These warning labels appear on window fashions with cords to make consumers aware of window cord hazards for children and pets.

PowerView® Automation

Incredible Convenience
Achieve your perfect light automatically—morning, noon and night

Effortless Control
Compatible with voice assistants and many home automation systems*

Privacy and Security
Schedule shades to move automatically, when you're home or away

Energy Efficiency
Program shades to be in the best positions to heat and cool your home

Child and Pet Safety

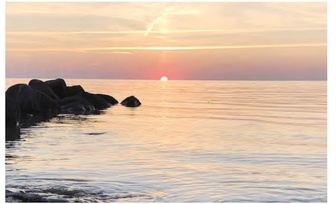
Fabric Architella® Elan® Metallic **Color** Polished Pearl
Operating System PowerView® Automation

A Day With PowerView®

7:00 AM Morning
Schedule shades to operate at your preferred wake-up time.

2:00 PM Afternoon
Shades adjust to protect furnishings from harsh midday sunlight.



5 Minutes Before Sunset
Based on your local sunset time, shades open to reveal your best view.

10:30 PM Bedtime
Shades close automatically for privacy and a perfect night's sleep.

Additional Operating Options

SkyLift™*
This system covers large skylights. Available with manual or motorized operation in top stack only.

Simplicity™**
This manual system is designed for skylights and other hard-to-reach windows. Can be oriented for top, bottom or side stack.

Vertiglide™
For vertical applications such as patio doors, this system provides side-to-side operation. Offered in four stacking configurations.

Vertiglide Duolite®
A center-opening design combines two opacities in one. Each fabric can span the full width of the opening.

Vertiglide Split Stack
Shades operate individually.

Vertiglide Traveling Center Stack
Shades open from the sides and stack in the center.

Vertiglide Left Stack or Right Stack
Left stack opens from right to left. Right stack opens from left to right.

*Available in Canada as a Duolite® option only.

**Not available in Canada.

Design Options

Pleat Size and Construction
Choose from a wide selection of pleat sizes and constructions, ensuring the best product for your needs. (⅜" not available in Canada)

LightLock®
The Duette® LightLock® system utilizes channels with specially shaped micro-ridges to absorb and deflect incoming light.

TrackGlide™ with LiteRise®
For European-style tilt-turn windows or French Doors, this operating system keeps shades in place during window operation.

Two-On-One Headrail
Two independently operated shades can share the same headrail.

Doors and Sidelights
Duette® shades are an ideal solution for French doors and sidelights.

Streetside Fabric
Architella® Elan® fabrics have an off-white streetside color that reflects sunlight and provides a more neutral look.

Specialty Shapes
Easily cover windows in your home that have unusual shapes or sizes.

Top-Down/Bottom-Up
Operate shades from top-down or bottom-up to achieve desired level of light and privacy. (Top-Down/Bottom-Up not available in Canada)
