Palm Beach™

HunterDouglas

The joy of great design.

At Hunter Douglas, we believe your window fashions should bring you the greatest possible enjoyment, adding beauty and **style** to your home. That's why we're passionately driven to design our products with a refined sense of style and industry-leading **innovation**. So when you choose the Hunter Douglas brand, you can be sure high **quality**, beautiful window fashions decorate your home for many years to come. Everything is designed to be seen, touched, experienced. Loved.

HunterDouglas 

Palm BeachTM

Our window treatments do more than look good.

They transform natural light, creating beautiful spaces for comfortable, everyday living.

before

5136 Bright White with 4 1/2" Louver and Classic Z-Frame with Decorative Sill Cover

after

SoftClose™ louvers with Quick Align™ provide smoothly controlled, one-touch louver closure, and easy alignment of louvers across panels.

5137 White with 4½" Louver and Bypass Triple Track Frame with Decorative Valance and Standard Z-Frame

Conveniently adjust all shutter louvers automatically with PowerView® Automation.

Palm Beach™ shutters mounted outside the window frame are a great solution for tilt and turn windows.

5136 Bright White with 3/2" Louver and Standard Casing Frame and Standard L-Frame with French Door Cut-Out

Benefits

Water Resilient

Our unique Polysatin™ compound resists water and stands up to humidity, making Palm Beach™ shutters perfect for bathrooms or kitchens.

One-Touch Closure

Exclusive SoftClose™ louvers feature one-touch control so louvers close softly and smoothly—and Quick Align™, for easy louver alignment.

Healthier Indoor Air

Palm Beach™ shutters are GREENGUARD® Gold Certified for low indoor chemical emissions and GREENGUARD listed for resisting the growth of mold and mildew.

Energy Efficiency

Close shutter louvers to keep warm air out when it's hot and in when it's cold, reducing energy costs.

Superior Quality

Built to last, Palm Beach shutters are reinforced at major stress points for exceptional strength and stability.

Palm Beach™ Promise™

The Palm Beach Promise guarantees that shutters won't warp, crack, fade, chip, peel or discolor for the life of the product.

UV Protection

When fully closed, Palm Beach shutters protect furniture, flooring and artwork from fading.

Fire Retardant

Suitable for both residential and commercial applications, Palm Beach shutters are NFPA 701 flame retardant certified.

Light Control and Privacy

Daylighting

Shutters provide energy efficiency by drawing natural light into a room, reducing the need for artificial lighting.

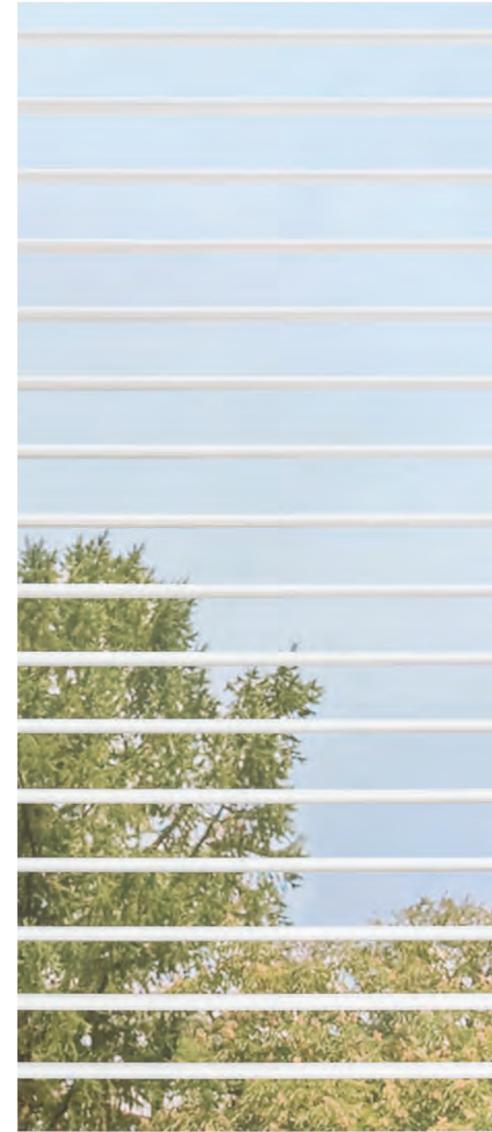

Split Tilt

For more privacy, choose split tilt with independent upper and lower louver operation.

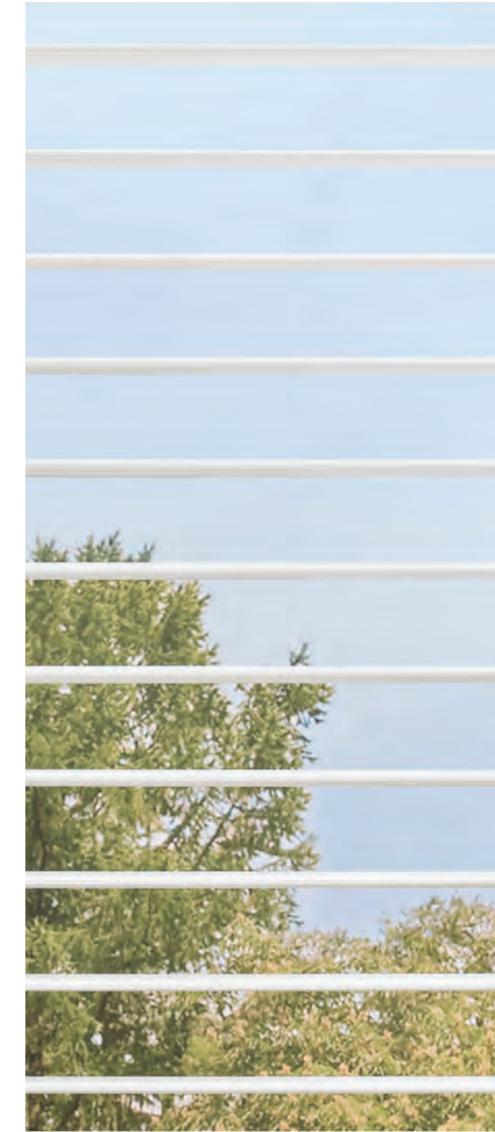

Divider Rail

Add strength to larger panels with divider rails, while allowing independent upper and lower louver control.

2 1/2" Louver

Ideal for smaller windows.

3 1/2" Louver

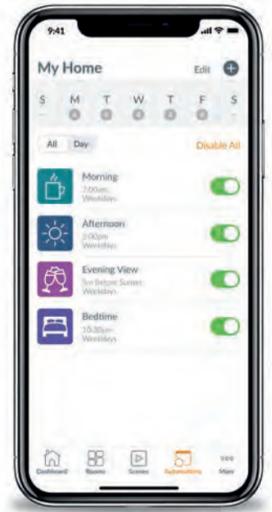

A standard louver size.

4 1/2" Louver

Provides a more expansive view.

PowerView® Automation

Convenience

Achieve your perfect light automatically

Privacy

Schedule louvers to close whenever you prefer

Energy Efficiency

Program louvers to be in the best positions throughout the day

Security

Remote control gives the illusion that you're always home

Child Friendly

Simple, cord-free operation

Battery Powered or Hardwired

For seamless installation, operation and maintenance

Voice Control

Compatible with smart speakers and smart-home systems

For more details on PowerView, open the opposite page and visit hunterdouglas.com/powerview-design-options. ▶

Control Options

Traditional Front Tilt

Open and close louvers together using the tilt bar.

Front Tilt Offset

Front tilt bar is offset to the left or right side of the panel for a less obstructed view.

HiddenTilt™

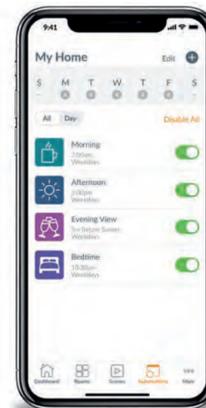

Open and close louvers together with a single tilt; no tilt bar for unobstructed views.

SoftClose™ Louvers

Enjoy smooth, controlled louver closure with a single touch.

PowerView® Automation

Convenience

Achieve your perfect light automatically

5151 White Silk with 3½" Louver and Standard L-Frame

A Day With PowerView®

7:00 AM Morning

Schedule louvers to operate at your preferred wake-up time.

2:00 PM Afternoon

Louvers adjust to protect furnishings from harsh midday sunlight.

5 Minutes Before Sunset

Based on your local sunset time, louvers open to reveal your best view.

10:30 PM Bedtime

Louvers close automatically for privacy and a perfect night's sleep.

Standard Hinged Panels

Standard Hinged Panels with Measured T-Post Locations

Bi-Fold Hinged Panels

Standard Hinged Panels with Equal T-Post Locations
5137 White with 3 1/2" Louver, Standard Z-Frame and Decorative Sill Cover

5136 Bright White with 2 1/2" Louver and Bi-Fold Track Frame with Standard Valance

Bi-Fold Track System

Bi-Fold Standard Valance

Bi-Fold Decorative Valance

Bypass Track System

Bypass Standard Valance

Bypass Decorative Valance

Bypass Open Louver Track System

This track system allows shutter panels to slide with the louvers in an open position for increased view-through.

Bypass Triple Track System

With a three-track design, panels slide and stack in less space than a standard Bypass Track, allowing for improved view-through within a single opening.
