Pirouette®

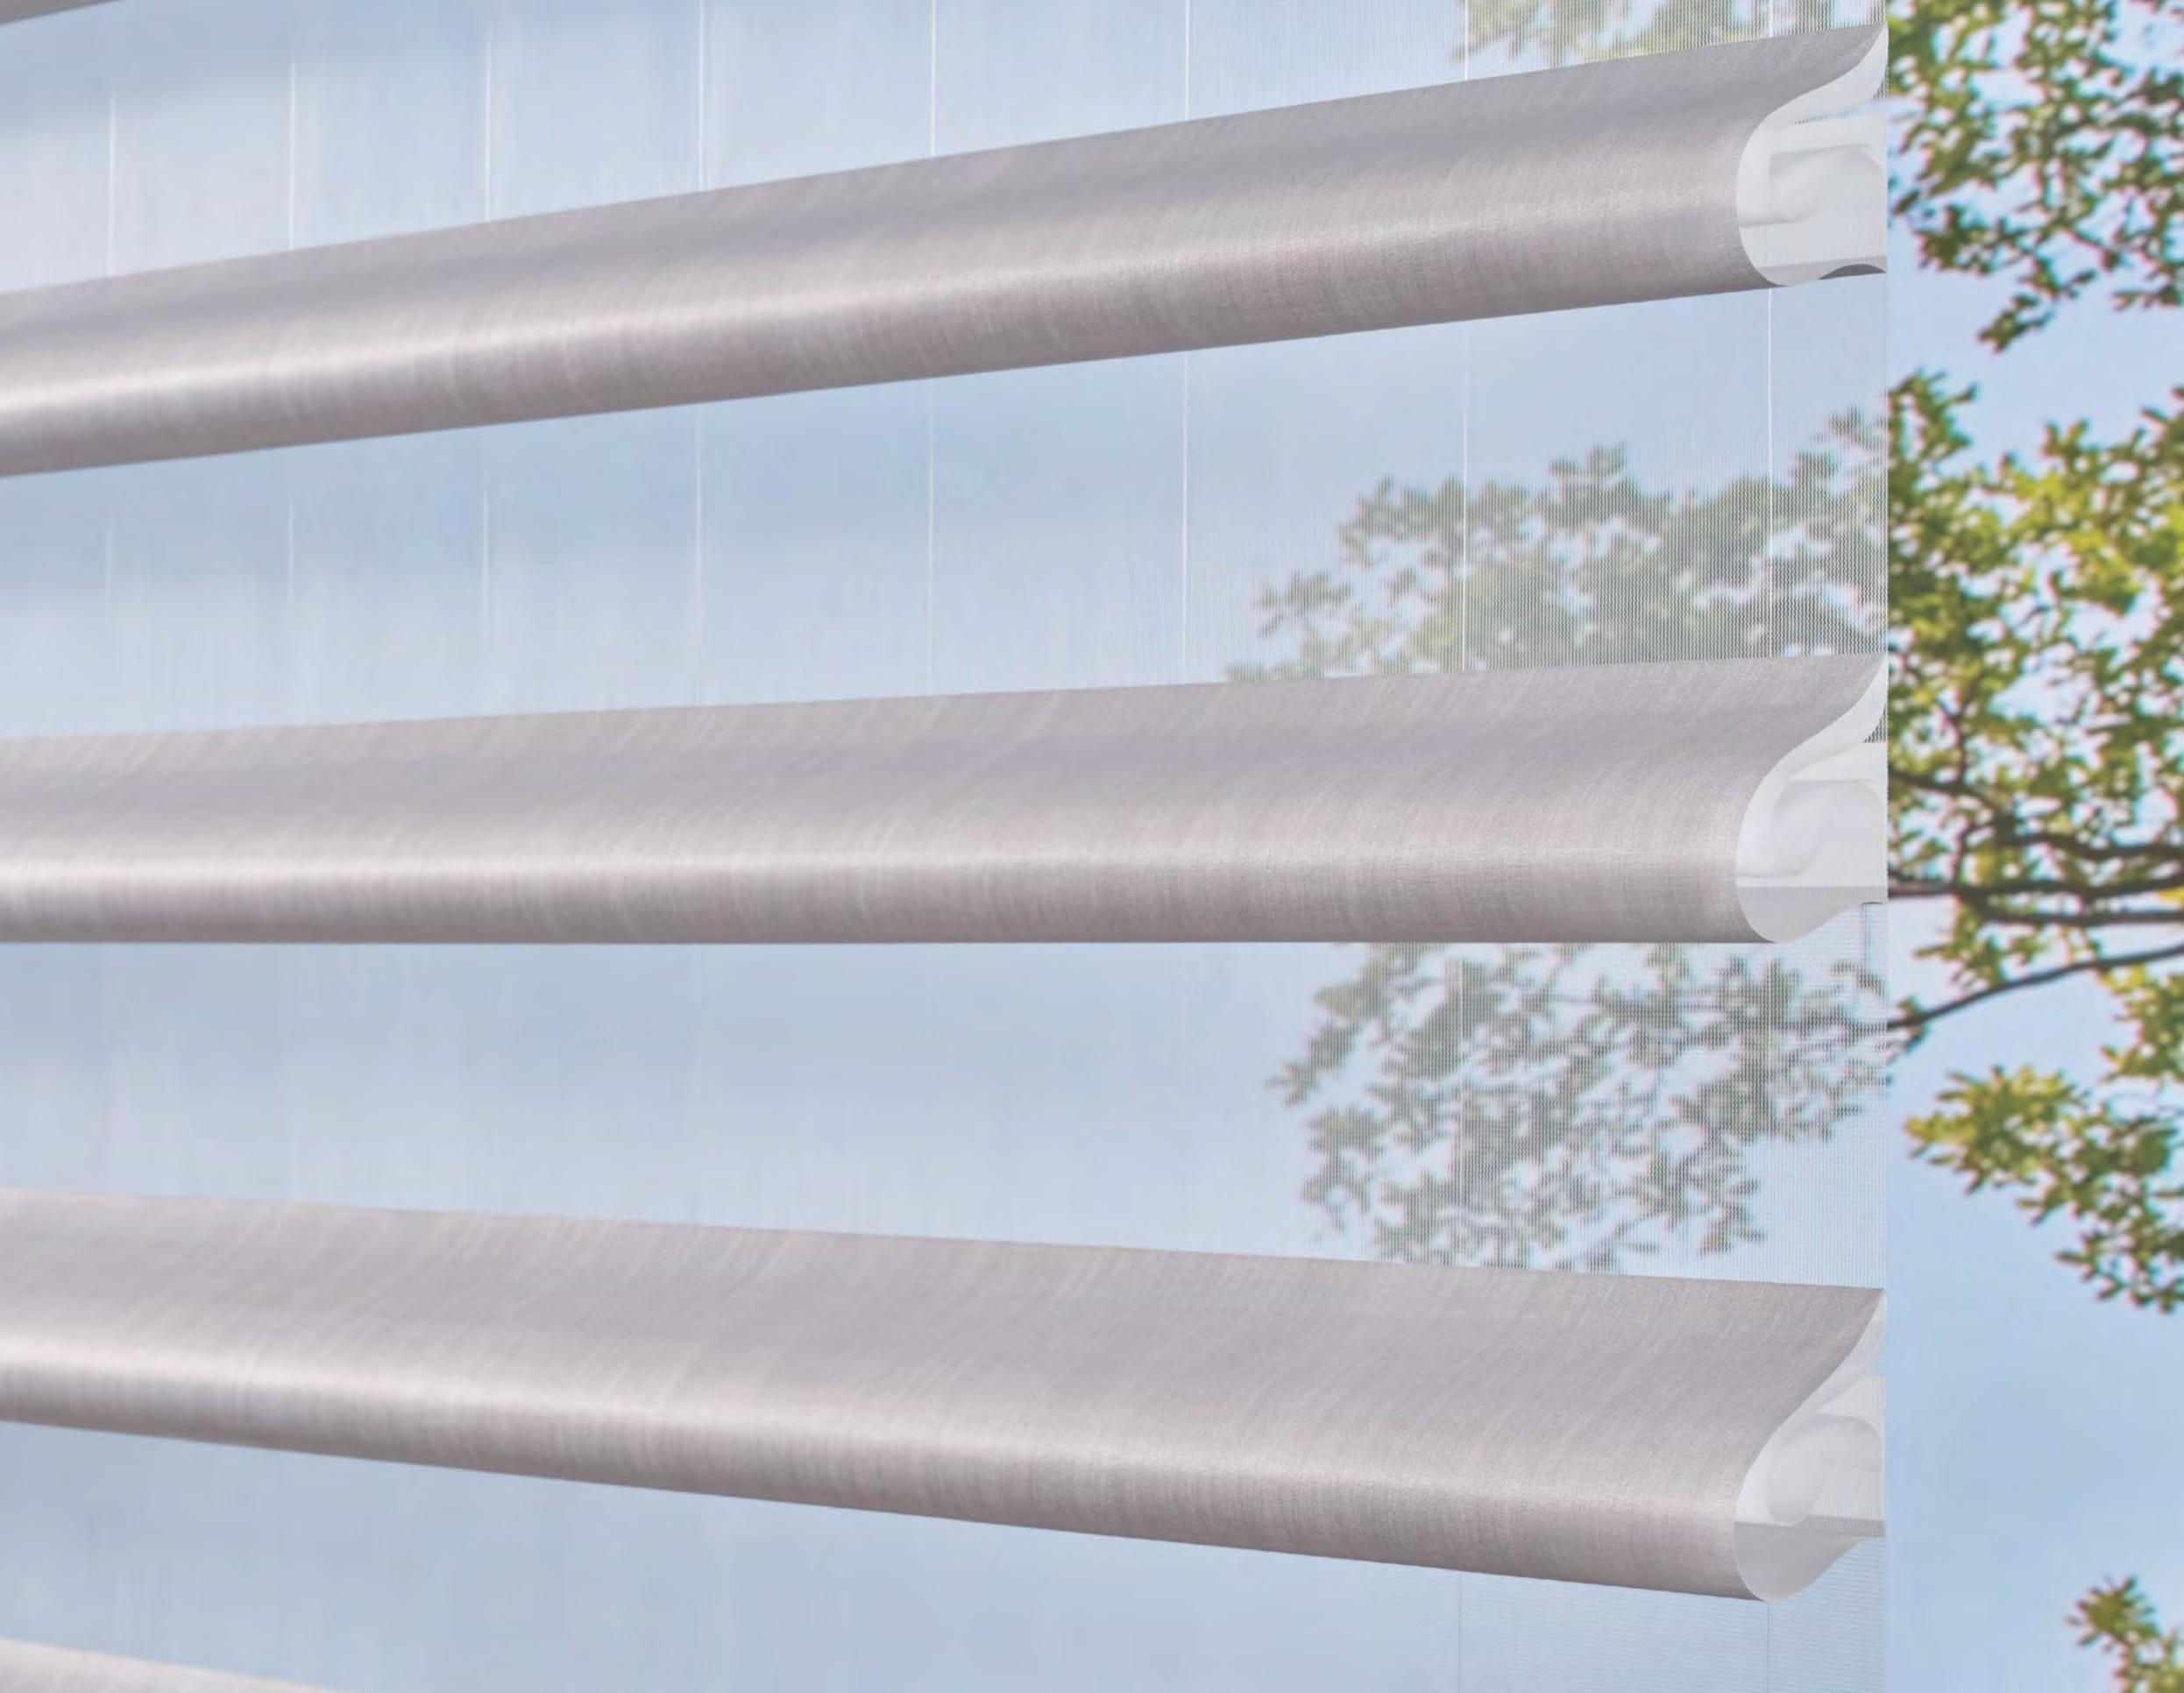

HunterDouglas

The joy of great design.

At Hunter Douglas, we believe your window fashions should bring you the greatest possible enjoyment, adding beauty and **style** to your home. That's why we're passionately driven to design our products with a refined sense of style and industry-leading **innovation**. So when you choose the Hunter Douglas brand, you can be sure high **quality**, beautiful window fashions decorate your home for many years to come. Everything is designed to be seen, touched, experienced. Loved.

HunterDouglas 

Pirouette®

Our window treatments do more than look good.

They transform natural light, creating beautiful spaces for comfortable, everyday living.

before

Fabric ClearView® Charmeuse Color Ash
Control Option SoftTouch® Motorization

Pirouette® Window Shadings combine beautiful, contoured fabric vanes with a single back sheer, providing the versatility of privacy and unparalleled view-through.

The A Deux™ design option adds a room-darkening back panel to the Pirouette® light-filtering shading, letting you create diffused light or a darker room.

A wide array of luxurious fabrics in exquisite colors and textures provides sculptural beauty that complements any design style.

Fabric Alustra® Oakley™ Color Sand Jasper
Control Option PowerView® Automation

Fabric ClearView® Satin Metallic™ Color Lunar
Control Option PowerView® Automation

Pirouette® shadings with a room-darkening fabric.

Fabric Thea™ Color Hudson Gray
Control Option UltraGlide® with Two-on-One Headrail

Benefits

Beautiful Light Control

Soft, contoured fabric vanes, whether open, closed or anywhere in between, offer exquisite light control.

Expansive View

Our exclusive back sheers and innovative Invisi-Lift™ system provide unparalleled views.

Enhanced Privacy

Partially or fully closed fabric vanes provide flexible levels of privacy.

UV Protection

With fabric vanes open or closed, Pirouette® shadings block the sun's harmful rays to protect furniture, artwork and flooring from fading.

Gorgeous Fabric Options

Vibrant, fresh fabrics create a robust collection, rich in color and texture.

Fabric Thea™ Color Cypher
Control Option PowerView® Automation

Light Control and Privacy

Fully open for maximum view-through.

Partially open for a combination of natural light and privacy.

Close for complete privacy and light control.

Note: The Invisi-Lift™ system allows vanes to gracefully open and close on the sheer backing, for beautiful functionality with unobstructed views.

Fabric ClearView® Satin Color Luxe
Control Option PowerView® Automation

Sheer Options

Pirouette® Classic Sheer—For Maximum Light Filtering
The preferred choice for filtering harsh incoming light and UV protection.

Please refer to the Fabric Decks designated with the Classic Sheer for all options.

ClearView® Sheer—For Superior View-Through
The preferred choice for crisp, clean view-through, light control and UV protection.

Please refer to the Fabric Decks designated with the ClearView Sheer for all options.

Opacity Options

Light-Filtering Fabric

For diffused light and privacy.

Room-Darkening Fabric

Blocks the majority of light.

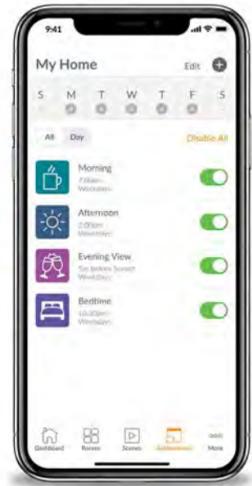

Note: This is not a blackout product. A warm glow may filter between each vane.

A Deux™ Design

Superior light blocking with a room-darkening panel behind a light-filtering shading, which operate independently.

PowerView® Automation

Incredible Convenience

Achieve your perfect light automatically—morning, noon and night

Effortless Control

Compatible with voice assistants and many home automation systems*

Privacy and Security

Schedule shadings to move automatically, when you're home or away

Energy Efficiency

Program shadings to be in the best positions to heat and cool your home

Child and Pet Safety

Simple, cord-free operation

Flexible Power Options

Choose from several power options, including a rechargeable battery and hardwiring capability

* Some features require additional hardware and/or third-party equipment. To learn more, visit hunterdouglas.com/powerview-design-options. For more details on PowerView Automation, open the opposite page. ▶

Fabric ClearView® Satin Color Black Onyx
Control Option PowerView® Automation

Control Options

SoftTouch® Motorization

A battery-operated, cordless system. Gently pull down on the wand to lower shadings, or lightly push up to raise them.

UltraGlide®

A single retractable wand for enhanced child safety. With one click, the fabric panel drops for complete privacy. Pump the wand to open the vanes or raise the shading.

EasyRise™

A continuous cordless loop system. Simply pull on the cord to raise or lower the shade.

*Not available in Canada.

PowerView® Automation

A Day With PowerView®

7:00 AM Morning

Schedule shadings to operate at your preferred wake-up time.

2:00 PM Afternoon

Shadings adjust to protect furnishings from harsh midday sunlight.

5 Minutes Before Sunset

Based on your local sunset time, shadings open to reveal your best view.

10:30 PM Bedtime

Shadings close automatically for privacy and a perfect night's sleep.

CONTROL AND
DESIGN OPTIONS

Design Options

Specialty Shapes

These window shadings are non-operable in the vanes countoured closed position.

*See Reference guide for a full selection of specialty shapes.

Fabric-Covered Headrail

Headrail fabric beautifully matches the shading to create a streamlined look.

Two-On-One Headrail

Shadings operate independently on the same headrail — an ideal solution for wide windows and sliding glass doors.

Fabric-Covered Bottom Rail

A coordinating fabric on the bottom rail adds the perfect finishing touch.

Mounting Profiles

Inside Mount

Classic Headrail

Partial Mount

A Deux™ Headrail

Outside Mount

Bottom Fabric Panel Variance

Small Bottom Fabric Panel Variance

The bottom fabric panel is adjusted to accommodate the height of the shading and allow for top to bottom vane alignment.

Large Bottom Fabric Panel Variance

Zero Bottom Panel

This optional feature for *outside mount only*, transforms the bottom panel into a functioning vane. This may add up to 5" to the length of the shading.

Fabric Avant Color Beryl
Control Option PowerView® Automation

The height of the bottom fabric panel will be between 0" and 5". This height cannot be predicted until the shade is in manufacturing.

To ensure shadings are fabricated with bottom fabric panels of the same height, they must be ordered:

- With identical height measurements
- With the same fabric and vane size
- At the same time
- With the same mounting style

Fabric ClearView® Batiste Bamboo Color Pesto
Control Option PowerView® Automation

Expert Design and Craftsmanship

For over 100 years, Hunter Douglas has been the industry leader in innovation. We offer the widest array of beautiful, high-performance, custom-made window fashions that are intelligently designed and assembled with relentless attention to quality.

Designed with Safety in Mind

It is a Hunter Douglas priority to design products that are safer for infants, young children and pets. It's why Hunter Douglas has been the pioneer in developing innovative cordless systems and smart shade technology for your home.

Lifetime Guarantee

As an expression of our desire to provide you with a fully satisfying experience, all products are backed by a Lifetime Limited Warranty. For enduring quality and a sound investment in your home, insist on Hunter Douglas.

WARNING

STRANGULATION HAZARD – Young children can be strangled by cords. Immediately remove this product if a cord longer than 22 cm or a loop exceeding 44 cm around becomes accessible.

MISE EN GARDE

RISQUE D'ÉTRANGLEMENT – Les enfants en bas âge peuvent s'étrangler avec des cordes. Enlevez immédiatement ce produit si une corde mesurant plus de 22 cm devient accessible ou si le contour d'une boucle de plus de 44 cm devient accessible.

WARNING/ ADVERTENCIA

Window Blind Cord Strangulation Risk Window blinds with a damaged or loose tension device or retractable cord that fails to fully retract pose a strangulation risk to children. To avoid this potential strangulation risk, consider purchasing cordless products or products with inaccessible cords.

Riesgo de Estragulación en Cuerdas de Persianas Las persianas con un dispositivo tensor suelto o dañado o con una cuerda retráctable que no se ajusta completamente representan un riesgo de estrangulación para los niños. Para evitar un posible riesgo de estrangulamiento, considere comprar productos inalámbricos o productos con cuerdas inaccesibles.

Child Safety Labels on Corded Systems

These warning labels appear on window fashions with cords to make consumers aware of window cord hazards for children and pets.
