

Distinctive Roller Shades for Every Space

Insolroll Elements[®] Decorative Roller Shades
Insolroll[®] Solar Screen Shades

Light Control, Privacy, & Style for Every Room

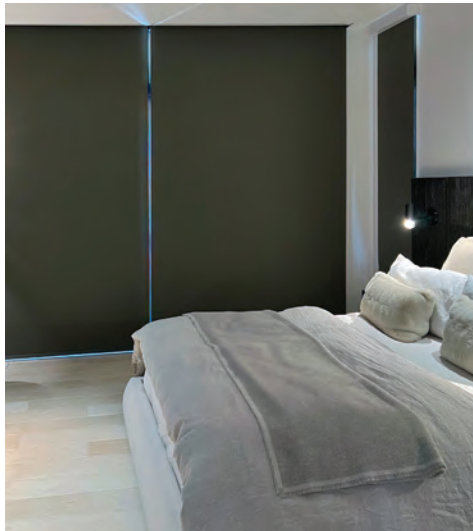

Sheer & Semi-sheer

Light-filtering with partial view-through and varying privacy levels. Objects on the outside are partially obscured.

Translucent

Light-filtering with no view-through for privacy day or night. Shadows of objects may be visible on the fabric.

Blackout

Room-darkening with no view-through and complete privacy. Perfect anywhere you want to block light and view.

Solar Screen Fabric for Sun Protection and Comfort

Solar screen fabrics block the sun, not the view. Woven to precise specifications with sun control materials, these technical fabrics significantly reduce glare and heat gain, and stop up to 99% of harmful UV. Solar shades provide protection for your home and visual comfort for you—perfect for all living spaces where sun control is needed and connection to the outside is valued.

Dark-colored Solar Screen

Dark colors provide better glare reduction and view-through.*

Light-colored Solar Screen

Light colors provide better heat reduction and more filtered light.*

*High performance fabrics combine excellent view-through, glare reduction, and heat reduction in every color.

Motorization Has Never Been Easier

Smart Home. Your Way.

Smart, App-Based Control

Schedules, custom light and privacy “scenes”, operation away from home. Mobile device app control for:

- Cell phones
- Tablets

Voice Control

Simple voice commands to operate shades and activate custom scenes

- Easy integration with 3rd party voice and smart home control devices

Motor and Control Solutions to Fit Your Lifestyle

Motor Technology and Power Sources

- Wireless battery powered motorization options; powerful motors with charges that typically last 12–18 months, and Insolroll’s optional Solar Advantage charging system
- Wired AC or DC motor options for maintenance-free projects and advanced control

Handheld or Wall Mount Controls

Radio Technology Somfy (RTS) controls

- Simple wireless wall switches
- Hand-held remote transmitters

Window Blind Cord Strangulation Risk

A damaged, loose, or missing tension device poses a strangulation risk to children.
Remove from use and repair or replace if tension device is damaged, loose, or missing.

Riesgo de Estrangulamiento en Cuerdas de Persianas

Un dispositivo tensor dañado, suelto o ausente representa un riesgo de estrangulación para los niños. Retire del uso y arregle o reemplace si el dispositivo tensor está dañado, suelto o ausente.

Interior Roller Shade Fabric Collections

Insolroll's Architectural and Elements fabric collections are curated to include selections for every style, function, and application. The Insolroll Architectural™ Fabric collection features fire-rated solar, blackout, and light-filtering fabrics designed for both residential and commercial applications. The Insolroll Elements® Collection features designer fabrics from sheer to blackout in high-fashion colors, textures, and patterns.

Commercial Roller Shades

For commercial applications, fire-rated commercial grade fabrics provide light control and privacy solutions. Insolroll Roller Shades are found in offices, hotels, schools, restaurants, retail locations, and health care facilities across North America.

We are a Roller Shade Specialist—*Inside & Out*

Everything we do is focused on making a better roller shade, from start to finish.

Located in Louisville, Colorado, Insolroll manufactures award-winning interior and exterior roller shades in our state-of-the-art production facility.

Crafted with attention to detail, every shade is manufactured to your personalized specifications and tested before it leaves our factory. We take great pride in our industry-leading production time which allows us to deliver your shades faster.

Experienced long-term employees in every department work together to build, carefully pack, and ship your order. For over 40 years, our independent, family ownership has reinforced our commitment to quality, service, our employees, and you.
